

Maharishi School
Pupil Premium Strategy 2018-2019

2018/2019 Pupil Premium Strategy

Background

Pupil Premium is a Government initiative which was first introduced in April 2011. The school receives funding each financial year from the DfE, with the amount determined by the number of students receiving free school meals (FSM) in the last 6 years, those who are, or have been, looked after in the care of the local authority or are from military families. The funding is provided to ensure that these students are not disadvantaged in any way and receive the necessary support to achieve their full potential.

The DfE has given us the freedom to use the Pupil Premium grant as we see fit, based on our knowledge of our pupils' needs. However, we are accountable for the use of this additional funding. The use of Pupil Premium funding is targeted to support a wide variety of highly effective support and intervention strategies.

The purpose of the Pupil Premium Strategy

In England and Wales, statistics indicate that there is a significant gap in the academic performance of pupils who receive free school meals (and/or who are looked after) and those who are not. On average, they underperform academically compared to their peers.

At Maharishi School we are committed to systematically developing the full potential of every student. We believe that the difference between success and failure comes from dedication, a thirst for knowledge and a commitment to learning. We aim to support and encourage all of our pupils to succeed to the best of their ability regardless of their individual starting points

In addition to quality first teaching we aim to raise achievement and narrow the gap between disadvantaged pupils and their peers through effective deployment of our main budget and the additional funding available to Pupil Premium eligible pupils.

Maharishi School's Pupil Premium Profile for 2018/2019 (based on 28th September pupil figures - 212 pupils)

	Total number of pupils	% of year group
Reception	0	0%
Year 1	1	6%
Year 2	6	33%
Year 3	1	6%
Year 4	5	28%
Year 5	4	22%
Year 6	4	24%
Year 7	4	22%
Year 8	5	28%
Year 9	5	28%
Year 10	2	11%

Year 11	5	29%
Total/Average	42	20%

Barriers to Learning

Typical barriers within our current cohort include the following:

- lack of self-esteem or confidence
- negative personal experiences of learning
- special educational needs
- behavioural difficulties
- emotional difficulties
- social difficulties

The list below illustrates how we intend to use the following funding throughout the next financial year. This list is by no means exhaustive. This grant has been used to either expand existing initiatives or to fund new strategies to provide support, intervention and enrichment activities.

In 2018/2019 we have planned to spend the funding on the following:

For this year it is anticipated that we will receive £67,630 based on 52 pupils, although there will be 42 eligible for PPG, (value £48270). The anticipated expenditure figures below reflect the 52 pupil value - 103.12% as follows:

Intervention

£8,786 (12.60%)

Lunchtime Booster classes for year 6 English	<i>To boost the pupils' reading comprehension and SPAG skills, this will also help prepare them further for SATs</i>
After school Booster classes for year 6 maths	<i>To boost the pupils' maths skills, this will also help prepare pupils further for SATS</i>
Lego Group for KS2	<i>For pupils to work together as a team to assemble the project with an emphasis on verbal and non-verbal communication, joint attention and task focus, collaborative problem-solving, sharing and turn-taking (switching roles during the task)</i>
Social Skills group for KS3-4	<i>To help pupils who struggle with social communication and teach them the skills to communicate effectively</i>
Beat Dyslexia for KS1-4	<i>To support children with dyslexic type difficulties to develop skills in reading, writing and spelling</i>
Toe by Toe for KS2	<i>To support children with dyslexic type difficulties to develop skills in reading, writing and spelling</i>
Maths intervention for KS1-4	<i>To identify and close the gaps in individual pupils' maths knowledge in small group sessions</i>
English intervention for KS1-4	<i>To identify and close the gaps in individual pupils' English knowledge in small group sessions</i>

Attendance/Lateness **£7,388 (10.59%)**

Additional resources allocated to rigorously address attendance/lateness issues; particularly to work with families whose children have poor attendance, including home visits and pupil collection as necessary.

To target pupils whose education, and consequently life chances, are compromised due to poor attendance at school.

Weekend/Holiday Schools **£500 (0.72%)**

Provide support and intervention for year 11 pupils during weekends and holidays. Subject specialists delivered bespoke sessions for identified pupils.

To provide additional teacher time for focused interventions in order to boost success in GCSE outcomes

Transport/ Uniform **£250 (0.36%)**

In exceptional circumstances funding may be used to provide transport for pupils who may not otherwise be able to stay after school to receive additional support. For example Homework Clubs.

Transport between sites may be subsidised for pupils in receipt of PP funding.

In exceptional circumstances uniform may be provided free of charge.

Staffing **£48617(69.71%)**

Payment for staff training in relevant areas of pupil support, intervention and curriculum development.

To ensure that all support and intervention is effective and contributes to increased progress and attainment

Increased time with pupil development consultants for pupils in receipt of PPG.

Increased teacher and TA time for pupils in receipt of PPG with identified additional needs in addition to costs related to smaller class sizes compared to most other school settings.

Payment of Inclusion Officer salary.

To close the gap between disadvantaged and non-disadvantaged pupils within the school

Standardised testing, used for all pupils, but of particular relevance to pupils in receipt of PPG in identifying both their strengths and weaknesses in order to better target support and interventions where necessary.

Homework Clubs/Projects **£1200 (1.72%)**

Provide support sessions for KS3 & KS4. This will be staffed by a specialist TA.

Dedicated time, space & support for homework sessions

Contributions to individual needs**£1000 (1.44%)**

Contributions are made on an individual basis in order to prevent and break down any barriers to learning.

Study Skills**£2,000 (2.87%)**

Secondary phase assemblies and targeted group sessions focusing on Study Skills.

Subsidise the cost of revision materials at KS4.

Chromebooks to take home for free (normally charged for) *To provide equal opportunities and close the gap between disadvantaged and non-disadvantaged pupils*

Total**£69741**

We will measure the impact and effect of 2018-19 Pupil Premium expenditure through the results of the PASS survey and our own internal Pupil Attitudes survey, in addition to measuring pupil progress against CAT scores and KS1 and KS2 SATS.

The next Pupil Premium strategy review will take place in September 2019.

Maharishi School's Pupil Premium Profile for 2017/2018 (based on October census figures - 201 pupils)

	Total number of pupils	% of year group
Reception	0	0%
Year 1	6	33%
Year 2	1	06%
Year 3	5	28%
Year 4	4	22%
Year 5	3	17%
Year 6	5	28%
Year 7	5	28%
Year 8	8	44%
Year 9	2	11%
Year 10	5	29%
Year 11	2	25%
Total/Average	46	23%

In 2017/2018 £75,539 (117.32% of the £64,385 funding) was spent to support the following:

Intervention

£12,332 (19.15%)

Lunchtime Booster classes for Year 6 English	<i>To boost the pupils' reading comprehension and SPAG skills, and to prepare them further for SATs</i>
After school Booster classes for Year 6 maths further for SATS	<i>To boost the pupils maths skills, and to prepare pupils</i>
Art Therapy group for KS1-3	<i>To provide additional time & opportunities to discuss issues of concern in very small groups. Boost the children's confidence and self-esteem</i>
Lego Group for KS2	<i>For pupils to work together as a team to assemble the project with an emphasis on verbal and non-verbal communication, joint attention and task focus, collaborative problem-solving, sharing and turn-taking (switching roles during the task)</i>
Social Skills group for KS3-4	<i>To help pupils who struggle with social communication and teach them the skills to communicate effectively</i>
Beat Dyslexia for KS1-4	<i>To support children with dyslexic type difficulties to develop skills in reading, writing and spelling</i>
Toe by Toe for KS2	<i>To support children with dyslexic type difficulties to develop skills in reading, writing and spelling</i>
Maths intervention for KS1-4	<i>To identify and close the gaps in individual pupils' Maths knowledge in small group sessions</i>

Attendance/Lateness

£7020 (10.9%)

Additional resources allocated to rigorously address attendance/lateness issues; particularly to work with families whose children have poor attendance, including home visits and pupil collection as necessary.

To target pupils whose education, and consequently life chances, are compromised due to poor attendance at school.

Weekend/Holiday Schools

£400 (0.62%)

Provide support and intervention for Year 11 pupils during weekends and holidays. Subject specialists delivered bespoke sessions for identified pupils.

To provide additional teacher time for focused interventions in order to boost success in GCSE outcomes

Transport/ Uniform

£200 (0.31%)

In exceptional circumstances funding may be used to provide transport for pupils who may not otherwise be able to stay after school to receive additional support. For example Homework Clubs.

Transport between sites may be subsidised for pupils in receipt of PP funding.

In exceptional circumstances uniform may be provided free of charge.

To provide equal opportunities

Staffing

£52,587 (81.68%)

Payment for staff training in relevant areas of pupil support, intervention and curriculum development.

To ensure that all support and intervention is effective and contributes to increased progress and attainment

Increased time with pupil development consultants for pupils in receipt of PPG.

Health & Wellbeing mentors.

To support pupils in their general well-being

Increased teacher and TA time for pupils in receipt of PPG with identified additional needs in addition to costs related to smaller class sizes compared to most other school settings.

Payment of Inclusion Officer salary.

To close the gap between disadvantaged and non-disadvantaged pupils within the school

Homework Clubs/Projects

£200 (0.31%)

Provide after school support sessions for KS3 & KS4 staffed by a specialist TA.

Dedicated time, space & support for homework sessions

Contributions to individual needs

£1000 (1.55%)

Contributions are made on an individual basis in order to prevent and break down any barriers to learning.

Study Skills

£1800 (2.80%)

Secondary phase assemblies and targeted group sessions focusing on Study Skills.

Subsidise the cost of revision materials at KS4.

Chromebooks to take home for free (normally charged for) to provide equal opportunities and close the gap between disadvantaged and non-disadvantaged pupils.

Total

£75,539

Impact 2017/2018 secondary

We had 17 PP pupils in Y7 -10 in 2017/18 all with CAT scores.

Measuring their outcomes against CAT score expectations:

- Over all subjects they were 0.2 of a grade above their CAT score expectations
- In maths they were 0.2 of a grade above their CAT score expectations
- In English they were 0.3 of a grade below their CAT score expectations

We had 2 PP pupils in Y11 in 2017/18 both with CAT scores.

Measuring their outcomes against CAT score expectations:

- Over all subjects they were 0.15 of a grade above their CAT score expectations

The results in overall subjects and in maths are consistent with the CAT predictions, but are lower in English. we will continue to focus on raising standards for PP pupils in English as well as continued focus on maths.

Impact 2017/2018 primary

We had 18 PP pupils in Y3 -6 in 2017/18 and all pupils have prior KS1 scores.

Measuring their outcomes against KS1 score expectations, using the 2017 national methodology:

- In reading, 13% were below KS1 score expectations, 36% were above and 51 were the same
- In writing, 6% were below KS1 score expectations, 14% were above and 81% were the same
- In maths, 35% pupils were below KS1 score expectations, 0% were above and 65% were the same

Maths results have improved in recent years; however, there is continued focus on further improvement for PP pupils in this area.
